**Subject:** Public Comment Item 7: CEA Bid Evaluation Criteria Policy  
**Date:** Thursday, September 17, 2020 11:36:36 AM

---

PLEASE READ AT THE MEETING

Dear Chair Haviland and CEA Board Members:

On behalf of IBEW 569, we offer the following recommendations regarding Item 7: CEA Bid Evaluation Criteria Policy:

1. Incorporate criteria on Benefits to Disadvantaged Communities
2. Incorporate criteria on Environmental Stewardship
3. Edit reference to apprenticeship to read, "State of California approved apprenticeship programs"
4. Incorporate local job creation criteria outlined below:

HIGH: New renewable, energy storage or renewable + storage project that creates new local jobs

MEDIUM: New renewable, energy storage or renewable + storage project that creates new jobs in California

LOW: Purchasing energy from an existing project

These additional criteria will strengthen the policy in terms of equity, community benefits and sustainable development.

Thank you for your consideration.

Micah Mitrosky  
Environmental Organizer  
IBEW 569
