

Clean Energy Alliance (CEA) Records Retention Schedule

Purpose: Implement a records retention schedule in order to ensure that CEA's records are kept as long as legally and operationally required and that obsolete records are disposed of in a systematic and controlled manner. The records retention schedule is intended to ensure that employees adhere to approved recordkeeping requirements, and that they do so consistently.

Policy: Records will be retained according to the following schedule. After the required retention date has passed, all documents or electronic files will be deleted or discarded unless there is specific reason in the interests of CEA to maintain the record for a longer period of time.

Record Type	Required Retention	Sample Descriptions
