Lower Your Energy Costs

with Affordable Solar and Battery Installations

Limited-time, state-funded programs available to income-qualified households.

Clean Energy Alliance has an exciting opportunity for income-eligible customers to receive **low-cost home solar and battery systems**, or, if you already have rooftop solar, to install a battery at no cost! Funding is limited and available on a first-come, first-served basis to residential customers whose household incomes are at or below 80% of the Median Area Income. If you're a homeowner enrolled in CARE, FERA or ESA, you are also eligible. Apply early to take advantage of these opportunities!

1

SOLAR PLUS

- Income-qualified homeowners can install solar + battery
- Lower your electricity bill by 55-65%
- Enjoy backup power during outages
- No down payment, no credit check required
- System financed directly on your electric bill, at a discounted rate
